FOREIGN DEPARTMENT.

NOTIFICATION.

General.

Simla, the 29th April 1886.

No. 900-*G.*—The following Regulations which have been recently revised by command of Her Majesty the Queen, Empress of India, are published for general information :—

Regulations respecting Foreign Orders.

1. No subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a warrant under Her Royal Sign-Manual.

2. Excepting in the case of Special complimentary Missions to Foreign Sovereigns, such permission shall not be granted to any Subject of Her Majesty unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's dominions, in the service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited to the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding clause must be made not later than two years after the exchange of the ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from Naval or Military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief if the application relates to an Officer in the Army, or to the Lords of the Admiralty if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favor it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the "Gazette" stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's license and permission does not authorize the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a Higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honor strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order, which were bestowed on British subjects by Her Majesty's predecessors, King George IV and King William IV, on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favors bestowed on British subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Foreign Office, February 3rd, 1886.

REGULATIONS RESPECTING FOREIGN MEDALS.

1. Applications for permission to accept and wear Medals which, not being the decoration of any Foreign Order, or conferred by a Foreign Sovereign on British Subjects in the Army or Navy, should be addressed to the Commander-in-Chief or the Lords of the Admiralty, as the case may be, who, if they see fit, may submit the same for Her Majesty's sanction, upon obtaining which they may grant such permission without other formality.

REPORTS ON THE STATE OF THE SEASON AND PROSPECTS OF THE CROPS FOR THE WEEK ENDING 28TH APRIL 1886.

GENERAL REMARKS.—More rain has been reported from Assam, and there have also been showers in places in the south of the peninsula. With the exception of the Rawalpindi and Peshawar Districts of the Punjab, no rain has fallen in Upper and Central India.

In Madras and, except in the Kolar District, in Mysore the standing crops are generally in good condition, and the harvest in progress promises a fair outturn. In Coorg prospects are good.

The *rabi* harvest and the picking of cotton have been nearly completed in Bombay, and preparations for the *kharif* have commenced in that Presidency and in Berar. In Hyderabad, Central India, and Rajputana prospects are generally favorable, though water is scarce in places.

In the Central Provinces the *rabi* is being threshed and winnowed, and ploughing for the *kharif* has begun in places. The *rabi* harvest is in progress in the Punjab, and has been nearly completed in the North-Western Provinces and Oudh. Prospects are good in both Provinces.

In Bengal generally rain is much wanted for crops on the ground and for *aus* cultivation. The *boro* rice is being harvested, with a good outturn. In Assam ploughing and sowing are in pregress, and prospects are generally favorable.

The public health is generally fair, though small-pox and cholera are reported from most Provinces.

Prices are rising in the Umballa, Ferozepore, and Lahore Districts of the Punjab and in Coorg, and are falling in Peshawar. Elsewhere they are generally steady.

REVENUE NOTIFICATIONS.

FOREIGN LIQUOR.

The attention of all wholesale dealers in foreign liquor is drawn to the provision of section 15, Act I of 1886, under which the sale of "liquor" without a license is penal. Any one found selling foreign liquor wholesale without a license from and after the 1st May 1886 will be prosecuted. Parties wishing to take out licenses should apply to the Deputy Collector of Madras at once with the prescribed fees and obtain them.

Deputy Collector of Madras.

PERMITS FOR THE TRANSPORT OF FOREIGN LIQUORS.

With reference to the Notification of Government, No. 112, published at page 376, Part I of the *Fort St. George Gazette* dated 14th April 1886, under the authority vested by section 10, Act I of 1886, permits for the transport of foreign liquor are dispensed with except in certain tracts of South Arcot and Tanjore Districts. The object with which passes were hitherto issued in the town to cover foreign liquor in transit, though it was not required by law, was to save the public from interference of Abkári officers, who are competent to see whether the liquor is not country spirits, which they can, under law, stop if not protected by permit. For the convenience of the public and the trade, blank passes as hitherto will be issued, if applied for of their own accord, to the Deputy Collector of Madras.

Resolution.—For several years past the attention of the Government of India has from time to time been directed to the desirability of alleviating, so far as is possible, the discomforts and sufferings experienced by Muhammadan pilgrims during the journey from India to the Hedjaz. The existence of these sufferings, more especially in the case of those of the poorer class of Muhammadans who undertake the pilgrimage, is an admitted fact; but the action taken with a view to afford relief has been necessarily of a restricted nature owing to the unwillingness felt by the Government to undertake any direct interference with what is considered to be a religious obligation by a large section of the Muhammadan community in India. In 1880 intimation was received from Her Majesty's Secretary of State that the Turkish Government had issued orders requiring passports from all passengers and pilgrims arriving in Jeddah, whether Turkish or foreign subjects, and announcing that those who came unprovided with such documents would be liable to be repelled from the ports of the Hedjaz. In order to render these Turkish Regulations as little irksome as possible to natives of India proceeding to the Hedjaz on pilgrimage, the Government of India, after consulting Local Governments and Administrations, resolved * to establish a system under which passports should be unconditionally given to every intending pilgrim, not only at the Indian ports of embarkation, but also at the central stations of every district in British India and at the headquarters of all Political Agencies in Native States. Arrangements were also made to grant informal passes to the subjects of other Governments, *e.g.*, natives of Kashgar, Russian Turkistan, Afghanistan, &c., who embark for Mecca from Indian ports, it being explained that these passes impose no responsibility on the Government of India in regard to the holders, and that the Governor-General in Council could not in any way guarantee their recognition by the officials of the Turkish or any other Foreign Government. Further, in consideration of the very large number of pilgrims who annually embark at, and return to, Bombay, and to the necessity of making some special arrangements to meet their requirements, a Muhammadan Protector of Pilgrims was appointed at that port and instructed to supply intending pilgrims with all the information and assistance within his power in respect of every matter connected with the pilgrimage.

* Home Department Resolution, No. 4—198-214, dated 12th July 1882.

2. Since the above measures were undertaken, further efforts have been made by the Government of India towards the proper regulation of the India pilgrim traffic by amending the provisions of the Native Passenger Ships Act (No. VIII of 1876) in certain important respects,

and by revising the rules issued under that Act with reference to the fitting, provisioning, sanitary arrangements, &c., of pilgrim ships. These rules have been assimilated, as far as possible, with those in force for regulating the transport of emigrants to the French and British colonies, and have been widely circulated in the form of a "Manual for the guidance of officers and others concerned in the Red Sea Pilgrim Traffic." It has been made obligatory on ships conveying more than 100 pilgrims to carry a qualified medical officer, and, in order to promote the welfare of Indian pilgrims during their stay in the Hedjaz, an Indian Vice-Consul has been appointed at Jeddah, whose special duty it is to attend to the interests and well-being of the pilgrims. In order further to afford protection and assistance to the pilgrims, especially in connection with their detention in quarantine under the orders of the Turkish Government, a Muhammadan Vice-Consul has been temporarily appointed for Hodeida and Camaran. A dispensary has also been established at Jeddah for affording relief to Indian pilgrims in the Hedjaz. Lastly, in order to regulate and bring under proper control the transactions of pilgrim-brokers in the City of Bombay, it is proposed to introduce a Bill into the Local Legislative Council under which the business will in future be restricted to licensed persons, and certain penalties will be imposed for any breach of the terms of the license. The action hitherto taken cannot fail to have effected a substantial improvement in the position of pilgrims during the voyage to Jeddah and while staying in the Hedjaz. In the course of the correspondence which has taken place with Her Majesty's Secretary of State on the subject, it was considered whether intending pilgrims should be required, before proceeding on the voyage, to deposit a sum of money sufficient to cover the cost of their return journey. The Government of India admitted that such a regulation would prevent much misery and suffering, but the opinion of the local authorities was opposed to interference of this nature on the ground that it might be misunderstood and misinterpreted, and the Governor-General in Council accordingly decided that action of the kind was unadvisable. At the same time a public notice was issued in the English, Hindustani, and Persian languages warning persons who propose to undertake the pilgrimage of the difficulties to which they would be exposed owing to the imposition by the Turkish Government of quarantine for at least ten days at the Island of Camaran (during which period pilgrims are required to pay certain fees besides arranging for their own provisions), and impressing upon intending pilgrims the desirability of not starting unless provided with sufficient funds (at least Rs. 300) in order to meet the expenses of quarantine, of the journey from Jeddah to Mecca and back, and of the return journey to India.

3. In October 1884 a communication was received from Messrs. Thomas Cook and Son, expressing the readiness of that firm to undertake the conveyance of pilgrims between India and Mecca. The extensive experience gained by Messrs. Cook and Son in connection with the requirements of schemes of a similar character and the considerable degree of success which has attended their operations clearly pointed to that firm as peculiarly qualified to assist the Government in still further regulating the conveyance of pilgrims between India and Arabia and in placing the arrangements on a footing more satisfactory to the Government and more convenient to the pilgrims themselves than has hitherto been found possible. Messrs. Cook and Son were accordingly informed that, if they were able to make the necessary arrangements, the Governor-General in Council would be prepared to give them such assistance as might be within his power. Messrs. Cook and Son have now informed the Government of India of the conditions upon which they are prepared to undertake the agency and control of the conveyance of pilgrims to and from Jeddah, and the Governor-General in Council, after careful consideration and personal communication with Mr. J. M. Cook, is of opinion that those conditions are such as may be accepted. The conditions contemplate the appointment of Messrs. Thomas Cook and Son to be pilgrim agents for the whole of India, local officers and officers in charge of treasuries being instructed to assist that firm in making known the terms of through conveyance to Jeddah and back and in disposing of through tickets. The Bombay Government will be requested to make over to the representatives of the firm the issue of passports in Bombay after these have been signed by the proper authorities, and to instruct the Protector of Pilgrims to work in harmony with the firm and to render it every possible assistance. On the other hand, Messrs. Thomas Cook and Son agree to arrange with the railway administrations, steam-ship proprietors, and others concerned, for the conveyance of the pilgrims, at through fares, from all the chief stations in India to Jeddah and back, and to do all in their power to secure the transit of the pilgrims in satisfactory ships supplied with proper accommodation in accordance with the regulations laid down by the Government. They are prepared to provide the requisite agency for the work, Muhammadans being appointed for this purpose in all cases where necessary, to establish a special pilgrimage office in the most convenient position at Bombay, and possibly also at Jeddah, and to make all detailed arrangements in connection with the issue of the necessary announcements, forms of tickets, &c. Lastly, the firm has expressed its readiness to comply with the requirements and regulations which may be laid down from time to time by the Government of India precisely in the same manner as though they were in the service of the Government.

4. The Governor-General in Council feels convinced that a scheme of the nature above described cannot fail, if successfully carried out, to be productive of much benefit to Indian pilgrims to the Hedjaz, but, if success is to be ensured, it is essential that every assistance should be afforded to Messrs. Cook and Son, not only by local Governments and Administrations, but also by district and other officers upon whom it will devolve to give effect to the detailed arrangements. His Excellency in Council accordingly trusts that local Governments and Administrations will see that this is done, and will direct local officers to co-operate in every possible manner with the representatives of the firm in carrying on their operations.
